Exit			

- At the Settings page, from the left Navigation pane, click on Privacy and security.
- In the right information pane, scroll down to the **Privacy and security** section and click on **Clear browsing data**.

• At the Clear browsing data window, select the following Basic settings;

Time range : All time

- ☑ Browsing history
- $\boxdot$  Cookies and other site data
- ☑ Cached images and files

#### Note:

There are additional categories under the **Advance** tab but are not necessary for the browser's acknowledgment of website security.

#### Note:

There are additional categories but they are not necessary for browser acknowledgment of website security.

If you are still using an old **IE** (Internet Explorer) browser select the **Clear browsing data for Internet Explorer** section directly below the **Clear browsing data** section from above and follow the same process.

#### Browser Auto Load

To reset the web page autoload, do the following;

• From the Settings left Navigation pane, select Start, home, and new tabs entry

• In the right information pane, under the **When Edge starts** section, confirm that the **Pages** under the **Open these pages:** has the URL is pointing to "https". If it is not, click the horizontal ellipsis located to the right on the **CVWGC** entry, and select **Edit** from the dropdown menu.

O Open these pages:	
Pages	Add a new page
CVWGC Home	<b>—</b>

- At the Edit page window, edit the URL as follows;
  - From : http://www.cvwgc.com
  - To: https://www.cvwcg.com

Edit page	×
Enter a URL	
https://www.cvwgc.com/	
Save	Cancel

• Click the **Save** button to complete the process.

## **Mozilla Firefox**

Below are the steps to be taken to clear the browser cache and reconfigure any browser website autoloads for the Microsoft Edge.

#### Clearing the Cache

• Open the **Firefox** browser.

 In the upper right corner of the browser, click on the Hamburger button/symbol (the triple bar ≡ or trigram symbol Ξ).

• From the dropdown menu, select the **Settings** entry.

Zoom		-	100%	+	2
Settings	4	_	_		
More tools					>

• In the left navigation pane of the **Settings** window, click the **Privacy & Security** entry.

• At the **Browser Privacy** window pane, scroll down to the **Cookies and Site Data** section and click the **Clear Data...** button.

• And click the blue **Clear** button.

• At the Clear all cookies and site data information window, click the Clear Now button.

#### Browser Auto Load

If your Firefox browser opens to the CVWGC website at startup, you may need to edit the address as follows.

• From the settings page (see instructions above) select the **Home** entry in the left navigation pane.

юි General
Home
Q Search

• At the **Home** page, under the **New Windows and Tabs** section, edit the **CVWGC** website **URL** as follows;

From :	http://www.cvwgc.com
To :	https://www.cvwcg.com

	Custom URLs	~
Homepage and new windows	https://www.cvwgc.com	
	Use <u>C</u> urrent Page	Use <u>B</u> ookmark
